

Notification of Hazardous Waste Site

Side Two

Waste Quantity

Place an X in the appropriate boxes to indicate the facility types found at the site.

In the "total facility waste amount" space give the estimated combined quantity (volume) of hazardous wastes at the site using cubic feet or gallons.

In the "total facility area" space, give the estimated area size which the facilities occupy using square feet or acres.

Facility Type

- Piles
- Land Treatment
- Landfill
- Tanks
- Impoundment
- Underground Injection
- Drums, Above Ground
- Drums, Below Ground
- Other (Specify) unknown

Total Facility Waste Amount

cubic feet unknowngallons

Total Facility Area

square feet unknownacres

Known, Suspected or Likely Releases to the Environment:

Place an X in the appropriate boxes to indicate any known, suspected, or likely releases of wastes to the environment.

Known Suspected Likely None *

Note: Items H and I are optional. Completing these items will assist EPA and State and local governments in locating and assessing hazardous waste sites. Although completing the items is not required, you are encouraged to do so.

Sketch Map of Site Location: (Optional)

Sketch a map showing streets, highways, routes or other prominent landmarks near the site. Place an X on the map to indicate the site location. Draw an arrow showing the direction north. You may substitute a publishing map showing the site location.

Description of Site: (Optional)

Describe the history and present conditions of the site. Give directions to the site and describe any nearby wells, springs, lakes, or housing. Include such information as how waste was disposed and where the waste came from. Provide any other information or comments which may help describe the site conditions.

General manufacturing facilities for subsidiaries and divisions.*

* This filing is made under Section 103(c) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 to address the possibility that

past practices, of which there is no present knowledge, belief or recollection after examination of reasonably available records, involved treatment, storage and/or disposal of hazardous substances; and to reflect the uncertainty which may exist in the definitions of the terms "treatment", "storage", "disposal" and "hazardous substances" as these terms are or may be interpreted under the applicable statutory provisions.

Signature and Title:

The person or authorized representative (such as plant managers, superintendents, trustees or attorneys) of persons required to notify must sign the form and provide a mailing address (if different than address in item A) for other persons providing notification. The signature is optional. Check the boxes which best describe the relationship to the site of the person required to notify. If you are not required to notify check "Other".
